

CLAIMS

What is claimed is:

1. A card game toy containing a plurality of cards wherein the front side of said cards is a matte finish and either blank or marked with a template that has guide lines to be used to draw, write, color, paint, stencil, sticker, or apply any other type of art medium thereof.
2. A card game toy according to claim 1, wherein reverse side of said cards will contain a logo and will be a matte finish or covered with some form of plastic or lamination.
3. A card game toy according to claim 1, wherein said cards have a dimension of width between two and three inches and further compromise a height between three and four inches; dimension larger in height than width.
